

CRANE COVE CLUB X D-FORD PALO ALTO

Scotch O'Clock Somewhere

2 oz scotch
3/4 oz lemon juice
3/4 oz honey syrup

Shake with ice for 20 seconds.
Serve in a chilled coupe.

To make honey syrup, combine 1 tbsp honey with 1/2 tbsp hot water; stir to combine.

No scotch? I won't tell John. Use bourbon or another whisk(e)y.

[Gong Sound]

1 1/2 oz gin
3/4 oz black tea syrup
1/2 oz lime juice

Shake with ice for 15 seconds.
Strain into rocks glass with a big ice cube.

To make tea syrup, combine 2 tbsp brewed tea with 1 tbsp sugar; stir to dissolve.

No black tea? Try green or mint.

The Marguerite

2 oz mezcal (or tequila)
1 oz grapefruit juice
3/4 oz serrano syrup
1/2 oz lime juice

Shake with ice for 15 seconds.
Serve in a Collins glass with ice.

To make the syrup, add one serrano (sliced) to 1 tbsp sugar and 1 tbsp water. Heat until sugar dissolves. Let sit for 10 minutes and strain before using. This will make a little more syrup than you need.

No serrano? Use half a jalapeño or go with plain simple syrup.
